## Certificate Details

Diploma in Psychology

Date: 16/08/2024  
[Score: 92%]

## Course Details

The diploma encompasses extensive studies in:

Developmental Psychology: Covering the stages of human growth and development.

Human Behavior: Delving into the psychological mechanisms that drive behavior.

Adjustment: Understanding how individuals adapt to life's challenges.

Abnormal Psychology: Investigating mental disorders, their diagnoses, and treatments.

Deviant Sexual Behavior: Studying unusual sexual interests, disorders that deviate from societal norms.

Victimology/Criminology: Exploring the psychological impact on victims and the criminal mind.

Cognitive Psychology: Understanding mental processes like perception, memory, reasoning, and decision-making.

Neuropsychology: Investigating how brain injuries or illnesses affect cognition, behavior, and emotions.

Psychopharmacology: Studying the effects of medications on mood, behavior, and cognitive health disorders.

Each chapter provided in-depth knowledge and understanding, equipping the learner with a robust foundation in psychological principles and behavioral analysis.
